..... FROM THE EDITOR

Getting out a publication is no picnic.
If we print jokes, people say we are silly;
if we don't, we re too serious. If we
stick close to the library, we ought to be
out hustling material, if we go out, we
should be at the library to help.

If we don't print contributions, we don't
appreciate genius, and if we do, the paper
is filled with junk. If we edit the other
fellows write-up, we're too critical; if
we don't we re asleep. If we clip items
from other papers, we're too lazy; if we
don't, we're stuck with our own stuff.

Members think they are supposed to get
research done as part of their member-
ship, but local members won't do free
research on behalf of the society.

Now likely as not, someone will say that
we swiped this from another publication.

" WE DID!"

.....
If anyone has any ideas as to what else
we could add to this quarterly
Please let us know!!!
.....

On the last page is a Christmas card
that the society recieved from one of our
members, Katherine Ketchie. I want to
share it with all of you.
Thanks Katherine!

Merry Christmas To All —

A Genealogist's Christmas Eve

'Twas the night before Christmas when all through the house
Not a creature was stirring, not even my spouse.

The dining room table with clutter was spread
with pedigree charts and with letters which said . . .

"Too bad about the data for which you wrote
Sank in a storm on an ill-fated boat."

Stacks of old copies of wills and the such
were proof that my work had become much too much.

Our children were nestled all snug in their beds,
While visions of sugarplums danced in their heads.

And I at my table was ready to drop
From work on my album with photos to crop.

Christmas was here, and of such was my lot
That presents and goodies and toys I'd forgot.

Had I not been so busy with grandparents' wills,
I'd not have forgotten to shop for such thrills.

While others had bought gifts that would bring Christmas cheer,
I'd spent time researching those birthdates and years.

While I was thus musing about my sad plight,
A strange noise on the lawn gave me such a great fright.

Away to the window I flew in a flash,
Tore open the drapes and I yanked up the sash.

When what to my wondering eyes should appear,
But an overstuffed sleigh and eight small reindeer.

Up to the housetop the reindeer they flew,
With a sleigh full of toys, and 'ole Santa Claus, too.

And then in a twinkling, I heard on the roof
The prancing and pawing of thirty-two hoofs.

The TV antenna was no match for their horns,
And look at our roof with hoof-prints adorned.

As I drew in my head, and bumped it on the sash,
Down the cold chimney fell Santa — KER-RASH!

"Dear" Santa had come from the roof in a wreck,
And tracked soot on the carpet, (I could wring his short neck!)

Spotting my face, good old Santa could see
I had no Christmas spirit you'd have to agree.

He spoke not a word, but went straight to his work
And filled all the stockings, (I felt like a jerk).

Here was Santa, who'd brought us such gladness and joy;
When I'd been too busy for even one toy.

He spied my research on the table all spread
"A genealogist!" He cried! (My face was all red!)

Tonight I've met many like you, Santa grinned.
As he pulled from his sack a large book he had penned.

I gazed with amazement — the cover it read
"Genealogy Lines for Which You Have Plead."

"I know what it's like as a genealogy bug,"
He said as he gave me a great Santa hug.

While the elves make the sleighful of toys I now carry,
I do some research in the North Pole Library!"

"A special treat I am thus able to bring,
To genealogy folks who can't find a thing."

"Now off you go to your bed for a rest,
I'll clean up the house from this genealogy mess."

As I climbed up the stairs full of gladness and glee,
I looked back at Santa who'd brought much to me.

While settling in bed, I heard Santa's clear whistle,
To his team, which then rose like the down of a thistle.

And I heard him exclaim as he flew out of sight,
"Family History is Fun! Merry Christmas! Goodnight!"

Have a Blessed New Year

____THE TATE FAMILY____

Do you know how many of the TATE family belong to our society? There is one man DICTATE who wants to run everything while uncle ROTATE tries to change everything. Their sister, AGITATE stirs up plenty of trouble with help from her husband IRRITATE. Whenever new projects are suggested, HESITATE and his wife VEGETATE want to wait until next year. Then there is an aunt IMITATE who wants our society to run like all the rest of the societies. DEVASTATE provides the voice of doom while POTENTATE wants to be a big shot.

BUT NOT all of the members of our society are bad. FACILITATE is quite helpful in all matters and a delightful member in the society is FELICITATE. Cousin COGITATE and MEDITATE always think things over, and lend a helping hand. And of course there is always a black sheep in every crowd. AMPUTATE who has completely cut himself off from our society.

just thought you'd get a kick out of this like I did.

I have some cemetery books from the Pike Co. Area. Also Catholic marriages in St. Clement and St. Joseph Churchs. These marriages are not recorded in the recorders office in the courthouse. Also have some of the funeral home records available from funeral homes no longer in existence in the county. Write for a listing, if interested.

Jacob and several brothers took up Spanish Land Grants in what is now MO, near O'Fallon. Jacob is reported to have to d. in Pike Co. ca 1820. David Boyd's parentage is as yet unproven. BIT-A-HUMOR

It is not true that woman was made from man's rib, She was made from his funny bone.....

Every man is a book, If you know how to read them.
All husbands are alike, but they have different faces so you can tell them apart... ..

He knows little who will tell his wife all he knows.....
